**Bid 10008789-11-E: Furnish the City of San Diego
with Automated Side Loading Refuse and Recycling Packers**

City of San Diego Environmental Services Department

City of San Diego Collection Vehicle Types Currently in Fleet

34 CY Automated Side Loader

25 CY Rear Loader

6 CY Street Litter Side Loader

18 CY Rear Loader

City of San Diego
Environmental Services Department

- Award As Needed Contract to Purchase Refuse and Recycling Automated Side Loader (ASL) Vehicles.
- Contract is for 1 year with four 1-year options to renew.
- ASLs are used to collect both refuse and recycling waste in residential neighborhoods.
- ASLs support 75% of all trucks dispatched to collect refuse for the City on a daily basis.

City of San Diego

Environmental Services Department

- 24 Bidders were contacted, with 9 bids received. More than one vendor met specifications. LA Truck Center was lowest bid that also met all specs.
- Anticipate lease purchasing 2 replacement refuse vehicles immediately as approved in Fleet Services acquisition plan.
- Future replacement purchases are predicated on acquisition plan approved by City Council in Fleet Services' annual budget process or identifying additional funding.

City of San Diego

Environmental Services Department

- Previous ASL Vehicle Contract Expired FY 2008.
- Long lead times are required to build & deliver a completed packer and place into service:
 - cab/chassis plus packer body installation, 7 months
 - Fitting at the City prior to placing in-service, 1 month.
 - 12 of our ASL trucks will be 8 years old July, 2012
- New 4 - 10s - 5 initiative has accelerated the “aging” of the ASL fleet, requiring replacement consideration at the 7 year mark.
